

# Township of South Glengarry Annual Accessibility Status Report 2022

## **Introduction**

The Township of South Glengarry plays a critical role in ensuring that people with disabilities have the opportunity to interact and contribute to the community. We strive to meet the needs of employees, residents and customers with disabilities and are working towards removing and preventing barriers to accessibility.

Our organization is committed to fulfilling our requirements under the Accessibility for Ontarians with Disabilities Act. Pursuant to O. Reg. 191/11: Integrated Accessibility Standards Section 4(3), our organization is required to prepare an annual status report on the progress of measures taken to implement our Accessibility Plan and to post the report on our website. The report is also available in an accessible format upon request.

## **Achievements to Remove and Prevent Barriers**

Since the adoption of our 2020-2025 Multi-Year Accessibility Plan, the Township of South Glengarry has implemented a number of projects and programs to improve accessibility for people with disabilities and to meet the requirements of applicable legislation.

Accessibility achievements include:

### **Customer Service**

- Expanded ability for residents to submit instantly documented feedback quickly and through an online portal.

### **Information and Communications**

- Enhanced ability to communicate water and wastewater emergency breaks and service disruptions in a timely manner by adopting a mass notification system (e-mail, text message, voicemail, app). Previously, these communications were hand delivered.

### **Employment**

- Offering additional accommodations through the recruitment process, including virtual interviews.

### **Design of Public Spaces**

- Newly installed accessible playground equipment in Glen Walter and North Lancaster.

## **Strategies and Actions Planned for 2020-2025**

Appendix “A” outlines the projects and programs the Township of South Glengarry plans to complete between 2020 to 2025 to meet the requirements of the Accessibility for Ontarians with Disabilities Act and to remove and prevent barriers to people with disabilities.

Appendix “B” updates the Implementation Plan for Facilities and Infrastructure.

## Appendix 'A' IASR Compliance Plan
