

Township of South Glengarry Annual Accessibility Status Report 2024

Introduction

The Township of South Glengarry plays a critical role in ensuring that people with disabilities have the opportunity to interact and contribute to the community. We strive to meet the needs of employees, residents and customers with disabilities and are working towards removing and preventing barriers to accessibility.

Our organization is committed to fulfilling our requirements under the Accessibility for Ontarians with Disabilities Act. Pursuant to O. Reg. 191/11: Integrated Accessibility Standards Section 4(3), our organization is required to prepare an annual status report on the progress of measures taken to implement our Accessibility Plan and to post the report on our website. The report is also available in an accessible format upon request.

Achievements to Remove and Prevent Barriers

Since the adoption of our 2020-2025 Multi-Year Accessibility Plan, the Township of South Glengarry has implemented a number of projects and programs to improve accessibility for people with disabilities and to meet the requirements of applicable legislation.

The Township's accessibility achievements in 2024 include:

- The completion of a website accessibility audit with Voiceover and JAWS screen readers by a third-party reviewer.
- Training videos are presently being developed for staff for new processes and policies. This will offer an accessible option for staff to train at their own pace.
- Sidewalk improvements (75 metres of new panels) on County Road 18 in Martintown.

Strategies and Actions Planned for 2020-2025

Appendix "A" outlines the projects and programs the Township of South Glengarry plans to complete between 2020 to 2025 to meet the requirements of the Accessibility for Ontarians with Disabilities Act and to remove and prevent barriers to people with disabilities.

Appendix "B" updates the Implementation Plan for Facilities and Infrastructure.

Appendix 'A' IASR Compliance Plan
