

Enbridge Gas Receives Funding to Expand to Glendale Subdivision in South Glengarry

June 9, 2021

SOUTH GLENGARRY, ON – Today the Ontario government announced that South Glengarry will be part of the Natural Gas Expansion Program which will allocate more than \$234 million and support approximately 8750 connections in 43 underserved communities across Ontario. An investment of \$2,352,112 will be provided to Enbridge Inc. to expand access to natural gas to Glendale Subdivision as part of the Province’s effort to help keep the cost of energy low for families, businesses and farmers, with an anticipated 77 customers expected to be connected.

Joanne Haley, GM, Planning, Building and Enforcement, said, “Through Ontario’s Natural Gas Expansion Project, we are very pleased that natural gas will be made available to many properties and homes in the Glendale area of South Glengarry. This will result in energy savings to residents and businesses and will create exciting economic development opportunities. I would like to thank Associate Minister of Energy Bill Walker, MPP Jim McDonnell and Enbridge Inc. for their commitment to continue to expand Natural Gas services in South Glengarry.”

“The availability and expansion of natural gas in our community will deliver a reliable and cost-effective service to more South Glengarry residents and will open the door for future development projects. Council and Administration are looking forward to continue to work with Enbridge Inc. as they further invest in infrastructure throughout South Glengarry,” added Tim Mills, South Glengarry CAO.
