

Glen Walter Park Play Structure Project 2022

August 5th, 2022

The Glen Walter Regional Park play structure project will be commencing next week! The fencing for the project will be installed on Sunday, August 7 with construction beginning on Monday, August 8. This project will take approximately two weeks. Please note that this area of the park will be unavailable during this time, we appreciate everyone's cooperation and patience as we continue to move forward with this project.

Update - August 19th, 2022 -

The Glen Walter Regional Park play structure installation has been completed! This play structure will serve the community of Glen Walter and beyond for many years to come. A big thank you to the Glen Walter Parks and Recreation Committee for fundraising \$100,000+ that went towards this playground, this would not have been possible without the generous donations of the community.

Please note that landscaping around the structure will be continuing into the Fall with additional accessibility components taking place in the future. Thank you for your patience as we continue to wrap up this project.
