

Press Release For Immediate Release

South Glengarry Fire Services Awarded Superior Tanker Shuttle Accreditation

Lancaster, Ontario, July 22, 2014 – The Township of South Glengarry is pleased to announce that the South Glengarry Fire Service's Superior Tanker Shuttle Accreditation has been renewed in both the commercial and residential categories.

In order to receive this accreditation, a fire department must complete tests to show that it can continuously provide water supplies in excess of the minimum requirements. Receiving Superior Tanker Shuttle Accreditation means that the South Glengarry Fire Services has demonstrated the ability to transport water to rural fire scenes to protect our community. "We are proud to provide this level of service to our community," stated Mayor Ian McLeod, "This accreditation demonstrates the ability of our Fire Services to protect citizens in the event of a fire."

Additionally, the accreditation provides potential financial benefits to residents and businesses in the Township. Homes and businesses in the area may be eligible for a reduction in insurance premiums as a result of the accreditation. Residents should contact their insurance agency directly to ask if they qualify for a rate reduction.

For more information, please contact Vic Leroux, Township of South Glengarry Fire Chief, at 613-551-6915 or vic@southglengarry.com.

FIRE UNDERWRITERS SURVEY

A SERVICE TO INSURERS AND MUNICIPALITIES

April 26th, 2014

RECOGNITION FOR FIRE INSURANCE GRADING RECEIVED

Township of South Glengarry

Superior Tanker Shuttle Service - Accredited

I am pleased to advise you that the above mentioned fire protection district within the province of Ontario was recently registered in the fire insurance grading index as being accredited for the delivery of Superior Tanker Shuttle Service.

The requirements for this accreditation are stringent and verify that the fire protection district is capable of delivering the minimum accepted fire flows to detached dwellings throughout the fire protection district and within 8 kilometres by road of the responding fire station. This accreditation is an equivalency to the minimum requirements for hydrant protection, as set out by the insurance industry and the Fire Underwriters Survey.

Fire Underwriters Survey has provided information on fire protection and risk levels to the insurance industry in Canada since 1883. Fire Underwriters Survey was previously operated under the auspices of the Insurers Advisory Organization and CGI; however, is now operated by SCM Opta Information Intelligence Inc.

Should you have any questions or concerns related to the Fire Underwriters Survey, the Superior Tanker Shuttle Service Accreditation process or any other related area, please contact the offices of Fire Underwriters Survey for further information.

Please note that this accreditation expires on April 26th, 2019 and is valid for the following fire stations:

- Glen Walter Fire Station No.1 – 18523 County Road 2
- Martintown Fire Station No.2 – 4854 County Road 20
- Williamstown Fire Station No.3 – 19652 John Street
- Lancaster Fire Station No.4 - 221 Military Road
- North Lancaster Fire Station No.5 - 21136 Concession

Commercial Fire Insurance Classification – PFPC 7(S) – Flow Rate of 479 IGPM
Personal Lines Fire Insurance Classification – DPG 3B(S) – Flow Rate of 317 IGPM
