It sets out obligations for certain persons, businesses, and other organizations to provide goods or services in a way that is accessible to people with disabilities in Ontario.

PRINCIPLES

Accessible Customer Service follows four basic principles:

1. Dignity – service is provided in a way that allows the person with a disability to maintain self-respect and the respect of other people.
2. Independence – when a person with a disability is allowed to do things on their own without unnecessary help or interference from others.
3. Integration – service is provided in a way that allows the person with a disability to benefit from the same services, in the same place, and in the same or similar way as other customers, unless an alternative measure is necessary to enable a person with a disability to access goods or services.
4. Equal Opportunity - service is provided to a person with a disability in such a way that they have an opportunity to access your goods or services equal to that given to others.

These basic principles will be taken into account when serving individuals with disabilities.

Staff will do the following:

1. Question - what can I do to help people with disabilities access our services?
2. Ask the individual how I can help?
3. When communicating with a person with a disability, do so in a manner that takes into account the person's disability.
4. Offer a variety of methods of communication.
5. Understand the nature and scope of the services you offer.
