The fundraising barbecue brought residents and visitors together for an afternoon of food, fun, and community spirit. Members of the South Glengarry Fire Service attended the event with fire apparatus on display, allowing attendees to explore the trucks and learn more about the equipment and services provided by the South Glengarry Fire Services.

Proceeds from the fundraiser will be used to purchase a new compact rotary rescue saw. The specialized tool will be carried on one of the department's fire trucks. It will enhance firefighters' ability to access confined spaces and cut through materials such as steel, concrete, and guardrails during emergency response situations.

"We are extremely grateful to the Lancaster Park Social Committee and everyone who supported this event," said Fire Chief Dave Robertson. "Community partnerships like this help us continue to equip our firefighters with the tools they need to serve residents safely and effectively. This donation will directly support our emergency response capabilities."

The South Glengarry Fire Service extends its sincere appreciation to the organizers, volunteers, sponsors, and attendees whose support made the fundraiser a success.
