A copy of the presentation is held on file.

Warden MacDonald asked if any members attending in-person or virtually would like to speak to Official Plan Amendment No. 24.

Joyce Gravelle, 18980 Beaverbrook Road, Martintown

Ms. Gravelle stated that she lived on 30 acres on Beaverbrook Road, just outside of Martintown. She stated that when she first moved to her home it was the first house on the left from Chapel Road. She stated that there were now seven homes in that same 1km area. She requested that the long-term residents of the area be thought about in relation to implementing OPA #24 and added that she did not want the lands along rural roads to become the suburbs. Ms. Gravelle spoke to Section 5.5.4 of the Counties' Official Plan and also spoke to projected population growth in SDG. She stated there was no data to support the additional lots and suggested additional infill, or lot creation within villages, hamlets, urban settlements, or along County roads versus township roads. She summarized her remarks by stating that she did not understand the rush to chop up the rural countryside into smaller lots without supporting data, planning information, and time to fully understand what it meant to those affected.

Councillor Bryan McGillis, South Stormont

Councillor McGillis asked if additional severances outside agricultural properties would result in more entrances on County roads. Director Young stated that staff was not proposing to change the current policies surrounding entrances on County roads.
