

## **Funding Announced for Lancaster Long Term Care Facility**

**Lancaster, Ontario, January 30, 2025** – The Township of South Glengarry is pleased to announce that the Building Ontario Fund has entered into an agreement with Arch Corporation to finance the previously announced new Long Term Care facility in Lancaster.

The Building Ontario Fund facilitates the development of critical infrastructure across the province by providing financing and advisory services. These efforts are aimed at sectors including affordable housing, long-term care, energy, transportation, and municipal and community infrastructure.

The new Long Term Care Facility, to be developed by Arch Corporation, will be located at the north end of Broad Street and Wood Street and at the south side of Smithfield Park. This facility will offer a welcoming home to 128 seniors, making a significant increase of 68 beds compared to the existing facility.

Mayor Lachlan McDonald remarked, "This is a momentous day for our community. The new long term care facility represents our steadfast commitment to ensuring that our seniors have access to high-quality care in South Glengarry. We are thrilled to see this project move forward."

MPP Nolan Quinn stated, "Seniors are a vital part of our community. This investment will ensure our seniors can live in a modern, state-of-the-art home close to their loved ones, while accessing excellent care."

Construction is anticipated to start in March 2025, with resident occupancy expected in early 2028
